### 1.1.1 HEnEx

#### 1.1.1.1 Charge on application processing

For the examination of the "Participant Membership Application" submitted by a candidate Participant, the candidate pays, upon submission of the application, the full amount of two hundred euros (€200) plus VAT (Table 1.4).

**Table 1.4.** HEnEx DAM/IDM application processing fee

HEnEx DAM-IDM	
Charge on application processing (DAM/IDM)	200 €

#### 1.1.1.2 Categories of Participants in the context of fees and charges

According to the "Methodology for Calculating Fees and Charges for the operation of the Day-Ahead Market and the Intra-Day Market", as approved by the Regulatory Authority for Energy, Waste & Water (RAEWW), two categories are specified, i.e. category A and category B, based on the total trading volume in the previous calendar year. The total trading volume includes all quantities of energy sold or purchased in the Day-Ahead Market and the Intra-Day Market. The limits of categories are specified as such:

- Category A: Up to 0.1 TWh annually
- Category B: Above 0.1 TWh annually

New Participants as to which there is no data for the previous calendar year are considered in Category A.

### 1.1.1.3 Initial Registration Fee

Each Participant pays the Initial Registration Fee according to Table 1.1, within five (5) business days of the date on which the "Participant Membership Certificate" is issued.

The payment of the Initial Registration Fee is a precondition for Participant's activation in the respective Market.

New Participants who, in the absence of trading data for the previous calendar year, were included in Category A and paid the reduced Initial Registration Fee for a Participant of Category A, provided in the following full calendar year they will come under another Category, they pay the corresponding difference of the Initial Registration Fee for a Participant. No part or difference of the Initial Registration Fee is reimbursed.

### 1.1.1.4 Annual Membership Fee

Participant's Annual Membership Fee is a precondition for Participant's activation in the respective Market. The corresponding amount of the Annual Membership Fee is calculated proportionally from the date of issue of the "Participant Registration Certificate".

Each Participant pays the Annual Membership Fee according to Table 1.1, within five (5) business days of the date on which the "Participant Membership Certificate" is issued.

For each subsequent year of the year of activation of the Participant in the respective Market, the Annual Membership Fee shall be paid to HEnEx in its entirety within ten (10) working days after the beginning of each reference year.

No Annual Membership Fee amounts are reimbursed in case of writing off, suspension or resignation of a Participant, or non-participation of the same for any reason in the Markets, for the duration of the year.

## 1.1.2 EnExClear

### 1.1.2.1 Categories of Direct Clearing Members for the Calculation of Fees and Charges

Two categories, A and B, are defined on the basis of the total volume of transactions of the Direct Clearing Members in the capacity of the Participant during the previous calendar year. The total volume of transactions includes all quantities of energy sold or purchased at the Day Ahead Market and the Intraday Market. The boundaries of the categories are defined as follows:

- Category A: Up to 0.1 TWh per year
- Category B: Over 0.1 TWh per year

New Direct Clearing Members as to which there is no data for the previous calendar year, are counted in Category A.

### 1.1.2.2 Initial Registration Fee

The initial registration fee is zero for all markets.

### 1.1.2.3 Annual Membership Fee

For the services provided by EnExClear, regarding participation in the clearing procedure for Spot Electricity Markets, Annual Membership Fee is paid to EnExClear according to Table 1.2.

The payment of the Annual Membership Fee for the first year of its participation is a requirement for the activation of the Clearing Member. The respective amount of the Annual Membership Fee is calculated on a pro rata basis for the period from the date of the certificate attesting Acquisition of Clearing Member Capacity, up to the end of the year.

For each subsequent year of the year of activation, the Annual Membership Fee is paid ten (10) Working Days after the beginning of the reference year through the respective Cash Settlement Account which the Clearing Members of EnExClear hold in a Cash Settlement Agent, specified by EnExClear.

No Annual Membership Fee amounts will be reimbursed in the event of deletion, suspension or resignation of the Clearing Member, or due to no activity for any reason whatsoever, during the year.

For the services provided by EnExClear, regarding participation in the clearing procedure for Balancing Market, Annual Membership Fee is zero.

## 1.2 Natural Gas Products

Table 1.5 and 1.6 summarize the Initial and Annual Membership Fee of HEnEx and EnExClear, for Natural Gas Products, respectively. The corresponding charges are described separately for each entity in the following Sections, along with some additional administrative fees.

## 1.2.1 HEnEx

### 1.2.1.1 Administrative fee for the examination of the application

The administrative fee for the examination of the application for acquiring the Participant capacity is zero.

### 1.2.1.2 Administrative re-assessment fee

The administrative re-assessment fee is two hundred (200) € (Table 1.7).

The payment of the re-assessment fee is performed by deposit in the bank account of HEnEx.

**Table 1.7.** HEnEx NG Platform administrative re-assessment fee

NG Platform HEnEx	
Administrative re-assessment fee for the examination of the application NG HEnEx	200 €

### 1.2.1.3 Initial Registration Fee

The initial participant registration fee is zero.

### 1.2.1.4 Annual Membership Fee

The Annual Membership Fee shall be paid to HEnEx in its entirety within ten (10) working days after the beginning of each reference year. In the event that the Participant capacity is acquired within the calendar year, HEnEx invoices the Participant in proportion to the period of the calendar year remaining from the acquisition of the Participant capacity.

The collection of the annual fee is made by the Clearing Members of EnExClear through the respective Cash Settlement Account kept to the Cash Settlement Entity, determined by EnExClear in its procedures. EnExClear is responsible for collecting the above amount paid.

Annual Membership Fees amounts are not refunded in case of deletion, suspension or withdrawal of a Participant, or his non-participation for any reason in the Trading Platform, during the year.

In case of registration of a new Participant, the Annual Membership Fee shall be paid within five (5) working days from the date of issuance of the certificate of registration of the Participant by deposit in a bank account of HEnEx.

## 1.2.2 EnExClear

### 1.2.2.1 Initial Registration Fee

The initial participant registration fee is zero.

### 1.2.2.2 Annual Membership Fee

For the services provided by EnExClear, regarding participation in the clearing procedure of Natural Gas Trading Platform of HEnEx, Annual Membership Fee is paid to EnExClear according to Table 1.6.

The payment of the Annual Membership Fee for the first year of its participation is a requirement for the activation of the Clearing Member. The respective amount of the Annual Membership Fee is calculated on a pro rata basis for the period from the date of the certificate attesting Acquisition of Clearing Member Capacity, up to the end of the year.

For each subsequent year of the year of activation, the Annual Membership Fee is paid ten (10) Working Days after the start of the reference year through the respective Cash Settlement

Account which the Clearing Members of EnExClear hold in a Cash Settlement Agent, specified by EnExClear.

No Annual Membership Fee amounts will be reimbursed in the event of deletion, suspension or resignation of the Clearing Member, or due to no activity for any reason whatsoever, during the year.

## 1.3 Derivatives Products

### 1.3.1 Initial Registration Fee

The initial registration fee is zero.

### 1.3.2 Annual Membership Fee

The annual membership fee for Derivatives Products is given in Table 1.8 and charged on a quarterly basis before the start of the relevant quarter, in accordance with HEnEx procedures.

The new Members of Derivatives Market are exempt from the annual fee for the first 3 months after acquiring the capacity of a Member.

**Table 1.8.** HEnEx Derivatives Market Initial Registration and Annual Membership Fee

## 1.4 PPA Platform

### 1.4.1 Initial Registration Fee

The initial registration fee in PPA Platform is set at five hundred euros (500 €) and shall be paid by the Participant by deposit in the bank account of HEnEx (Table 1.9).

The payment of the initial registration fee is a prerequisite for the issuance of the Participant's certificate of registration and the Participant's activation on the PPA Platform, in accordance with the provisions of the PPA Platform Rulebook and Decision 1.

### 1.4.2 Annual Membership Fee

The annual membership fee in PPA Platform is set at three hundred euros 3,000€ (Table 1.9) and shall be paid in full to HEnEx within ten (10) working days after the beginning of each reference year. If the Participant status is acquired within the calendar year, HEnEx will invoice the Participant proportionally for the remaining period of that calendar year from the date of the Participant status acquisition.

The annual membership fee shall be paid by the Participant by deposit in the bank account of HEnEx.

In case of registration of a new Participant, the proportional annual fee shall be paid, after the application for Participant status is approved and before the issuance of the Participant’s certificate of registration, by deposit in the bank account of HEnEx. Specifically, in case of registration of a new Participant during the year 2024, no annual fee is due for the year 2024, but the annual fee for the year 2025 is payable.

No annual fees are refunded in the event of deletion, suspension, resignation, or non-participation in the PPA Platform for any reason during the year.

## 2 Trading & Clearing Fees

### 2.1 Power Products

Each Participant pays, as Trading Fees for Day-Ahead Market (DAM) and Intraday Market (IDM) over the executed trading volume in Megawatt hours (MWh), the amounts of Table 2.1.

The Trading Fee is collected on a daily basis through EnExClear, according to its timings and its procedures, as these are described in the Clearing Rulebook for Transactions on Day-Ahead and Intraday Markets and in the Decisions that might have been issued under it.

Each Clearing Member pays to EnExClear the corresponding amount of Table 2.1 as fees for the clearing of transactions on Day-Ahead and Intraday Markets, as specified relating to the volume of the cleared transactions on the HEnEx Electricity Markets.

The payment of the fees for Clearing of Transactions is carried out on the next working day of the Clearing Day through the respective Cash Settlement Account which the Clearing Members of EnExClear hold in a Cash Settlement Agent, specified in accordance with the procedures of EnExClear.

**Table 2.1.** EnExGroup DAM/IDM Trading & Clearing Fees

HEnEx IDM Trading Fee	0.090 €/MWh
EnExClear DAM Clearing Fee	0.019 €/MWh
EnExClear IDM Clearing Fee	0.029 €/MWh

### 2.2 Natural Gas Products

The Natural Gas Platform trading fees are determined according to Table 2.2.

The calculation is made on a daily basis per trade and are paid on the next business day following the execution of the trades.

For the calendar year 2024, Participants with transactions on the Natural Gas Trading Platform that exceed the annual limits determined in accordance with Table 2.3, are entitled to discounts on trading fees for the additional quantities. The discount levels are determined in Table 2.3.

The amounts resulting from the application of discounts will be paid to the entitled Participants through a credit note within the first quarter of 2025.

All fees and charges are paid by the Clearing Members of EnExClear through the Cash Settlement Accounts kept in the cash settlement entities as specified by EnExClear in accordance with its procedures. EnExClear is responsible for collecting the charges.

In any case the corresponding charge is calculated based on the number and the Volume of the Contracts (in MWh).

Each Clearing Member pays to EnExClear the amount as fees for the clearing of transactions, as specified relating to the volume of the cleared transactions on the Natural Gas Trading Platform of HEnEx.

The payment of the fees for Clearing of Transactions is carried out on the next working day of the Clearing Day through the respective Cash Settlement Account which the Clearing Members of EnExClear hold in a Cash Settlement Agent, specified in accordance with the procedures of EnExClear.

**Table 2.2.** EnExGroup NG Trading Platform Trading & Clearing Fees

Up to (and including) 3 TWh	0%
Above 3 TWh up to (and including) 4 TWh	20%
Above 4 TWh up to (and including) 5 TWh	25%
Above 5 TWh	30%

\*The discount is applied progressively to fees for additional traded volumes.

## 2.3 Derivatives Products

The calculation of trading fees for Derivatives Products is made on a daily basis per trade.

The derivatives trading fees are paid on the business day following their execution in accordance with the cash settlement of the relevant day.

The regular trading fees are the fees charged on the derivatives transactions carried out by Derivatives Market Members on behalf of their clients or on own account, determined according to Table 2.4.

The charge is calculated based on the number and size of the Contracts (in MWh).

The clearing of transactions for Derivative Products is carried out by ATHEXClear on behalf of HEnEx.

The charge is calculated on the basis of the number and size of the Contracts (in MWh).

ATHEXClear calculates on a daily basis commissions applicable to the Derivatives Market of HEnEx, which are payable in favor of HEnEx, according to ATHEXClear [Resolution 10 \(Fees for the Administration and Operation of the System for Clearing Transactions in Book-Entry Securities & Fee Schedule for the Derivatives Market of ATHEX\)](#):

**Table 2.4.** HEnEx/ATHEXClear Derivatives Trading & Clearing Fees

\* Clearing is carried out by ATHEXClear and fees are payable in favor of HEnEx

The calculation of charges in every case is made on the basis of the number of contracts of the Position Account of each Declaration of Exercise of the Physical Settlement Right which has been forwarded by ATHEXClear to the Energy Trading Spot System (ETSS) of HEnEx, in accordance with the provisions of par. 1 (e), article 7.17, Section II of the Rulebook for Clearing Derivatives Transactions.

## 3 Trading on Behalf (OBOT) Fees

### 3.1 Power Products

Use by a Participant of the Routing Orders On Behalf Of Trading service for a reason not due to a technical malfunction of HEnEx, as for example due to a malfunction in its internal network, is charged with a special commission.

The commission is calculated per Participant's Buy or Sell Order and per Delivery Day D, forwarded for execution by HEnEx's competent authorities or, provided it is an order registered in the Order Book, that is modified or cancelled by such services at the request of the Participant.

The amount of commission per Order is scaled according to the number of Orders concerned, as follows in Table 3.1.

The total amount of the commission for the Routing Orders On Behalf Of Trading service may not exceed the amount of 2,000 € per Delivery Day D.

**Table 3.1.** HEnEx Spot Electricity On Behalf Of Trading Services Charges

## 3.2 Natural Gas Products

The use by a Participant of the Trading Support Process for cause not due to technical malfunction of HEnEx Systems, such as malfunction in its internal network, is charged with a special commission.

The commission is calculated per Participant's order which is transmitted for submission by the HEnEx competent department or, in the case the order is registered in the Order Book, for its cancellation or modification upon request of the Participant.

The number of orders per Participant using the service is notified to EnExClear on the next business day of each day of use.

The payment of the above charge is made through the respective Cash Settlement Account maintained by the Clearing Member who has undertaken the clearing of the Participant's transactions, to the Cash Settlement Entity designated by EnExClear in its procedures.

The charge per order, for all Participants except for the Liquidity Providers, escalates according to the number of orders concerned, based on Table 3.2 below.

Liquidity Providers may request only the cancellation of liquidity provision orders using the Trading Support Process. There is no charge for the request of the cancellation of liquidity provision orders.

**Table 3.2.** HEnEx Natural Gas On Behalf Of Trading Services Charges

HEnEx Natural Gas Trading Platform OBOT Service	
Charge for Trade Support Process	1 - 10 orders: 20€ 11-50 orders: 40 € >=51 orders: 60 €

### 3.3 Derivatives Products

For Derivatives products, the commission is calculated per order of the Member transmitted for submission by HEnEx competent department or, in the case the order is registered in the Order Book, for its cancellation or modification upon request of the Member.

The payment of the amount due, resulting from the above, is paid to HEnEx on the following working day the service was used, in accordance with HEnEx procedures.

The charge per order, for all Members except the Market Makers, irrespectively whether it concerns regular orders or Pre-Agreed Trades, shall be as follows in Table 3.3.

Market Makers may request only the cancellation of quotes using the Trading Support Process. There is no charge for the request of the quotes cancellation.

The relevant charges per Participant are notified by HEnEx to EnExClear on the next business day of each day of use.

### 7.1.2 Derivatives

The use of Shared Access Point (SAP) at HEnEx premises by a Member, for a cause not due to technical malfunction of HEnEx Systems, such as, but not limited to, due to malfunction in the Member's internal Network, is charged with a special commission of two hundred (€200) euros plus VAT, per use request, per user, per day.

Payment of the amount due, resulting from the above, is paid to HEnEx on the following working day the service was used, in accordance with HEnEx procedures.

## 7.2 Connection to the Trading Platform Charges

### 7.2.1 HEnEx Natural Gas Trading Platform

HEnEx provides the following connection options in the Trading System:

- a) via XNet Trader application
- b) via API, using the protocol FIX and the internet

Participants in the Natural Gas Trading Platform are entitled to four (4) free XNet Trader application licenses without charge.

For each XNet Trader application license in the Trading Platform, in excess of four (4), the annual charge is 1,200€/license.

The maximum admissible number of XNet Trader licenses in the test system is four (4). For these licenses there is no charge for HEnEx Participants.

The charges of this Article are invoiced on an annual basis and are paid within ten (10) working days after the beginning of each reference year. In case the relevant service has been activated in the middle of the calendar year, HEnEx will invoice the Participant in proportion to the period of use and the relevant charge will be paid within five (5) working days from the activation request.

## 7.2.2 Derivatives

HEnEx provides the following ways for connection to the Trading System:

- a) Via XNet Trader terminal
- b) via API (ATHEX GW service) either from the Member premises, or through co-location service at the Data Center of ATHEX

Derivatives Market Members are entitled to free four (4) XNet Trader terminal licenses.

For each XNet Trader terminal license in the trading system, in excess of four (4), the annual charge is 1,200€/license.

The maximum permissible number of XNet Trader terminal licenses in the Test system is four (4). For these licenses there is no charge for HEnEx Members.

The first ATHEX GW service is free of charge for the members who use ODL protocol.

If the Member uses the FIX protocol for order submission through the ATHEX GW service to the production system, then an additional charge of €8,000 per year is applied.

In case that the Member uses more ATHEX GW connected at the same time to the production system, then there is an extra charge of 6,000€ per year. Charges for co-location services and charges for Interface services in the Stock Exchange Network (SEN), as well, are not included in the above charges.

The above charges do not apply to existing ATHEX and Cyprus Exchange members.

Charges of this Article are invoiced on quarterly basis, before the beginning of the relevant quarter. If the relevant service is activated in the middle of the quarter, HEnEx will charge the Member, proportional to the period of use.

### 7.2.2.1 Derivatives Other Technology Services

Technological services related to the HEnEx Derivatives Market, as well as access services to its systems in a production or testing environment are available to HEnEx Members or to third parties from the Athens Exchange Group companies at an additional cost. Indicatively, the following categories of technology services are mentioned. The pricing of the above technology services is made at the request of the interested party and a bid submission.

- a) installation of software for regular or emergency use (installation of ATHEX GW, installation of XNet Trader terminal).
- b) Interface services in the Stock Exchange Network (SEN).
- c) ATHEX GW (co-location) hosting services.
- d) Information system maintenance & control services.

# 11 Pricing Agreements

EnExGroup has established by virtue of separate Decisions separate fee policies for Market Makers in HEnEx' Derivatives Market and Liquidity Providers in the Natural Gas Trading Platform respectively. Such policies aim to promote activation of Participants/Members in said capacities.

## 11.1 Market Maker Agreements

The Market Maker capacity is acquired according to the relevant HEnEx's procedure, as such procedure is set out in Decision 2 of Derivatives Market (*Procedure for acquiring the Market Maker capacity and terms of market making in the Financial Energy Market (Derivatives Market) of HEnEx*), in order to receive the corresponding offer.

A Market Maker in its capacity shall, for his own account, make transaction on Derivative in accordance with the provisions of HEnEx's Rulebook and the above Decision. A Market Maker shall have activated through his separate code in accordance with the Rulebook, one (1) and only pair of market making quotes.

For more details about the fee policy for Market Makers, please contact: [sales.team@enexgroup.gr](mailto:sales.team@enexgroup.gr).

## 11.2 Liquidity Provider Agreements

The Liquidity Provider capacity is acquired according to the relevant HEnEx's procedure, as such procedure is set out in Decision 2 of Natural Gas Trading Platform (*Procedure for acquiring the Liquidity Provider capacity and terms of liquidity provision in the Natural Gas Trading Platform of HEnEx*), in order to receive the corresponding offer.

The Liquidity Provider shall enter limit orders for liquidity provision (buy and sell) in the Trading System, trading on its own account on series of the Product on which the Liquidity Provider undertakes relevant obligations, in accordance with the provisions of the Rulebook and the above Decision. By meeting the liquidity provision obligations, the Liquidity Provider is rewarded by a privileged fee policy. In case of non-fulfillment of the liquidity provision obligations, HEnEx may temporarily suspend or may remove the capacity of Liquidity Provider from a Participant.

For more details about the fee policy for Liquidity Providers, please contact: [sales.team@enexgroup.gr](mailto:sales.team@enexgroup.gr).
