

Press Release

27th September 2021: Gold Award for “Specialized Industry Applications /Energy” and Bronze Award for “Large Scope IT Projects” to EnExGroup and ATHEXGroup at Impact BITE Awards 2021.

The Hellenic Energy Exchange was awarded, along with the Athens Stock Exchange, the Gold award in the category “Specialized Industry Applications / Energy Sector”, and the Bronze Award in category “Large Scope IT Projects” during the ceremony of the Impact BITE Awards 2021. Accepting the awards Dr. Zoumas Christoforos, HEnEx Director Market Operations, noticed that such rewards verify the huge efforts of both companies to create and develop a trading platform incorporating cutting edge technology and having large scale impact to energy sector in Greece. The “Energy Trading System Spot” (ETSS) is a major achievement for the successful integration of the Greek Market with EU Electricity Markets aligned to EU target Model objectives.

The above project implementation was positively evaluated by the award committee of the IMPACT BITE Awards, one of the most important awards of technology innovation in Greece.
