## Unmatched orders & traded volume

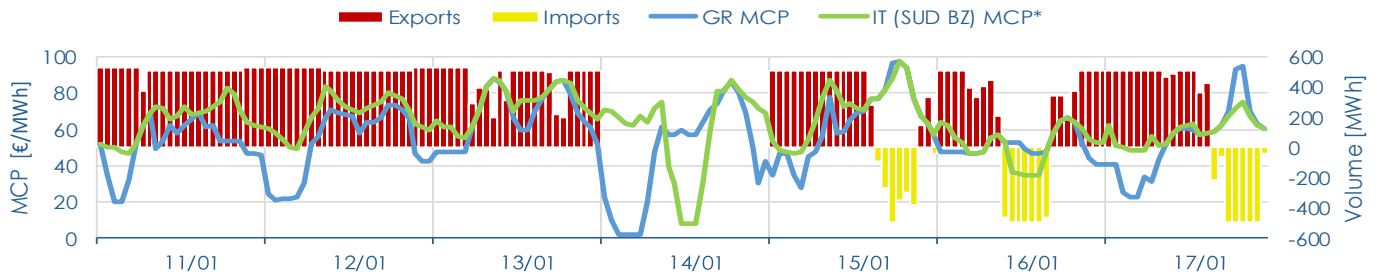

## Cross Border

\*The unmatched orders include all orders that have not been included in the algorithm (excluding block orders for sell side)

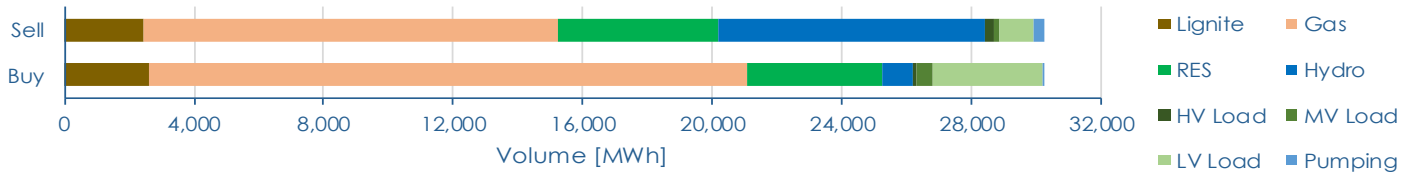

## Market Coupling Cross Border Flow

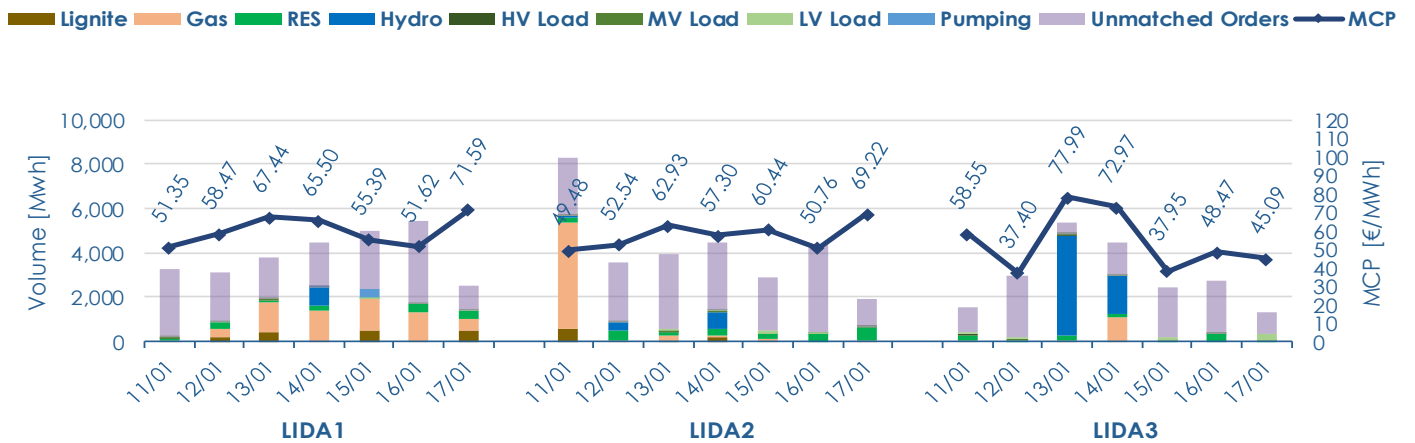

On 13/01/2021 (delivery day 14/01/2021) there was a partial decoupling of Italy, and consequently Greece, Slovenia, and Croatia from SDAC (Multi Regional Coupling [MRC]). More information can be found here: [https://eepublicdownloads.entsoe.eu/clean-documents/Network%20codes%20documents/Implementation/cacm/sadc/210115\\_Communication\\_note\\_incident\\_13.01.2021\\_final.pdf](https://eepublicdownloads.entsoe.eu/clean-documents/Network%20codes%20documents/Implementation/cacm/sadc/210115_Communication_note_incident_13.01.2021_final.pdf)
